LEBONHEUR SUMMER VOLUNTEEN PROGRAM

- The Summer VolunTEEN Program at Le Bonheur Children's Hospital gives teenagers the opportunity to witness the impact volunteering has on the community and explore careers in the medical field. The program is divided into four sessions with eight VolunTEENs in each session. High school students ages 16-18 are encouraged to apply for this program.

Completed packets are due by Wednesday, May 1st at 3:00 p.m. Absolutely no late packets will be accepted. All teens will receive an email informing them of their status in the program by Wednesday, May 8th at 6:00 p.m. Please be patient and wait on the email before you call. The application for the VolunTEEN program is a packet of information that you will collect and mail in; there is no actual application to submit online. If you have participated in the teen program in the past, you will not be considered for this year's program.

For complete information about this program, go to <https://www.lebonheur.org/ways-to-help/volunteer/volunteer-programs/>

ST JUDE SUMMER VOLUNTEEN PROGRAM- Deadline March 15th.

We invite you and your students between the ages of 16 and 18 (see below) to visit our website at www.stjude.org/volunteers and review a special opportunity, the Summer Volunteen program at St. Jude Children's Research Hospital.

Our Volunteens have the opportunity to work closely with St. Jude families and staff. In addition, they explore possible career paths and develop leadership and team building skills while fostering self-awareness.

This program is highly competitive and it is important for the students to pay special attention to the instructions on the application and essay. We encourage applicants to ask a parent or teacher to review the instructions before filling out and submitting their application online.

Volunteen Program Age Requirements:

At least 16 years of age and no older than 18 years of age by June 1, 2019 (born on or after June 2, 2000, but before or on June 1, 2003).

Seniors please check the scholarship page at
